

## **TV-GAME**

Welcome to the magic era of the past!

Prove your skill against your friends or the computer in different sport simulations!

### **LOADING INSTRUCTIONS:**

After connecting the tape to ZX Spectrum, type LOAD "" (first press J, then two times the Symbol Shift and P simultaneously) and press Enter. Start the tape and the game will load automatically. Any kind of loading error rewind the tape and try to load on lower or higher volume.

There are 2 versions on the cassette. The 128K version follows the 48K.

### **PLAYING INSTRUCTIONS:**

The menu will appear after successful loading.

Press 1 to Tennis.

Press 2 to Wall-tennis L (for training).

Press 3 to Wall-tennis R (for training).

Press 4 to Football.

Press 5 to Hockey.

Press 6 to turn color on/off.

Press 7 to select number of players per team.

Press 8 to change speed.

Press 9 to change size of player.

Press 0 to start game.

Press SPACE to set the opponent:

PLAYER vs SPECTRUM  
SPECTRUM vs PLAYER  
PLAYER vs PLAYER  
SPECTRUM vs SPECTRUM (demo mode)

The games do not end, press 0 to exit to the menu.

### **CONTROLLING INSTRUCTIONS:**

Move the left team up with Q and move down with A. If double players mode is selected move the 2nd player separately up with W and move down with S. It can be combined, for example press Q and W to move 2nd player up with double speed or press Q and S to stay in place.

Controlling the right team is the same only the buttons are different. Press P or O to move up and O or K to move down.

### **OTHER INFORMATION:**

The players aren't rectangle (as you can see on the screen), but rather oval. It effects only moving of the ball. It can be learnt after short time.
